

Dry lining

An Apprenticeship in dry lining will give you the skills and industry recognised qualifications to help you build a rewarding career.

As well as the Apprenticeship programme for the 16-24 age group, for the first time this year we are offering FREE Adult Apprenticeships for the over-25s.

Apprenticeships benefit both employees and employers, providing recognised qualifications which develop skills in the workplace.

Northumberland College offers an NVQ Level 2 in Interior Systems (Dry Lining Fixing) which includes units on moving and handling resources, installing dry lining partition systems, installing dry linings and encasements, allocating and monitoring the use of plant and equipment, and co-ordinating and confirming the dimensional requirements of the work. It also builds in Key Skills at Level 1 and a Technical Certificate.

The training is delivered by a combination of college attendance, onsite assessment and blended learning.

You can progress onto an Advanced Apprenticeship programme in interior systems (dry lining fixing), which will involve an NVQ and Technical Certificate at Level 3, and Key Skills in Application of Number and Communication at Level 2.

You must have an employer to become an Apprentice.

Who is the programme for?

Apprenticeships are designed for people aged 16-24 years who are already employed. Adult Apprenticeships now offer free training to over-25s too.

Do I need any formal qualifications?

Ideally you will need GCSE Grade D or above in English and Maths. You must have an employer to become an Apprentice.

Do I need an interview?

Yes, you will need to attend an interview.

What will I study on the programme?

NVQ Level 2 in Interior Systems (Dry Lining Fixing). This involves units dealing with:

- Moving and handling resources
- Installing dry lining partition systems
- Installing dry linings and encasements
- Allocating and monitoring the use of plant and equipment
- Co-ordinating and confirming the dimensional requirements of the work

Key Skills Level 1 in

- Application of Number
- Communication

Technical Certificate

- Intermediate Construction Award

How is the programme organised?

The programme initially involves training at a Level 2 standard, which will normally take a maximum of two years. You will attend college on a day release basis with the remaining time spent working with a local dryliner or building company.

How will my progress be assessed?

The NVQ qualifications are assessed by qualified staff both in college and in the workplace. This means you are observed in practical situations as well as having to collect evidence of your skills. Key Skills and the Technical Certificate are assessed through a programme of work, assignments and some external tests. You can gain some exemptions from Key Skills depending on your GCSE, AS or A Level grades.

What final qualification will I get?

- NVQ Level 2 – Interior Systems (Dry Lining)
- Key Skills Certificates at Level 1
- A Technical Certificate – Intermediate Construction Award

What could I do after completing this programme successfully?

You can progress onto an Advanced Apprenticeship programme in dry lining, which will involve an NVQ and Technical Certificate at Level 3, and Key Skills in Application of Number, Communication and ICT at Level 2. Once you have completed your Advanced Apprenticeship there may be opportunities for you to progress to higher education.

Conditions of Training

All Apprentices will be employed for the term of their Apprenticeship and will work within the terms and conditions of their employer (hours of work, holiday entitlement, sickness procedure etc). The minimum wage you are entitled to on an Apprenticeship is £80 per week. However employers are encouraged to review this as you progress and gain more experience.
